

**GASTRINE TABLETS. For dogs and cats.**  
 30 tablets each containing:  
 Magnesium Trisilicate BP 112,5 mg  
 Calcium Carbonate BP 37,5 mg  
 Tri Calcium Phosphate BPC 20 mg  
 Active Carbon 12,5 mg  
**DIRECTIONS AND DOSAGE:** Tablets to  
 be given whole, or crushed, three times daily.

Batch: 341407

CA-706DD

# SPACE-SAVING AND FAST 1024HG-L BINARY SERIES

Printing two colors simultaneously with one printhead **HALVES THE NUMBER OF NEEDED PRINTHEADS** and raises the productivity for **CODING and MARKING** applications up to **HIGH-SPEED PRINTING** at the same time.

**Ink damper**

- Enables stable operation under harsh conditions such as vibration and acceleration/deceleration

**Ink types**

- Oil/UV/Solvent

**Native nozzle resolution**

- 180 npi (2 colors)
- 360 npi (1 color)

**Driving Interface**

- Parallel Interface
- I2C-compatible serial communication

Active nozzles	1024	Dimensions	137.0 x 38.0 x 115.7 mm
Numbers of rows	4	Drop volume*	25.5 pL [1 drop binary, 6m/s]
Number of grey levels	TBD**	Jetting frequency*	Up to 28 kHz
Ink inlets/ink outlets	2	Maximum productivity* (Jetting frequency x Drop volume)	TBD**
Native nozzle resolution	180 npi (2colors) 360 npi (1 color)	Ink type	Solvent, Oil, UV
Print width	72.17 mm	Driving interface	Parallel interface, I2C-comp. serial com.
Printhead weight	Less than 570 g		

\* Depends on ink, ink supply system and printhead driving conditions

\*\* Tests ongoing with several inks
